BEZALEEL BENJAMIN	Professor of Architecture 100% appointment
CURRENT TEACHING	ARCH 620: Statics for Architects ARCH 621: Strength of Materials for Architects ARCH 624: Structural Systems ARCH 625: Analysis & Design of Structures ARCH 628: Structure in Nature and Architecture
EDUCATION	Ph.D., London University, 1965 M.Sc., Engineering, London University, 1959 D.I.C., Imperial College of Science & Technology, 1958 B.E., Civil Engineering, Bombay University, 1957
TEACHING EXPERIENCE	University of Kansas, Professor 1976 - present Hatfield Polytechnic, Hatfield, Herts, England; faculty member, 1966-1971
ACADEMIC AND PROFESSIONAL HONORS	Bradley Teaching Award, 1993 Fulbright Fellowship, To teach in Israel, 1987-88 HOPE Award Nomination, 1987 HOPE Award Finalist and Runner-up, 1980 H. Bernard Fink Teaching Award, 1980
BOOKS:	Analysis of Braced Domes, Asia Publishing House, 1963. Structures for Architects, Van Nostrand-Reinhold Publishing Co., Second Ed. 1984. Structural Design with Plastics, Second Edition, revised and enlarged, Van Nostrand-Reinhold Publishing Co., 1981. Building Construction for Architects and Engineers, Vol. 2 Ashnorjen Bezaleel Publishing Co., 1979. Building Construction for Architects and Engineers, Vol. 1 Ashnorjen Bezaleel Publishing Co., 1978. Structural Evolution: An Illustrated History, A.B. Literary House, 1990.
RESEARCH *AND* PUBLIC SERVICE	Space Structures for Low-Stress Environments, NASA, Grant (GSRP) Graduate Student Researchers Program, 2003-2004 and 2004-2005. Member, Lateral Forces Committee, *ARE,* NCARB, 2002-2003 Chair, Faculty Rights, Privileges & Responsibilities Committee 1992- 1993, 1996-1998. Member, Judicial Board, 1992- 1993, 1997- 1998.
PROFESSIONAL EXPERIENCE	Four years professional experience with various engineering firms in India One year as post-doctoral research fellow in the Structural Plastics Unit of the University of Surrey, England.
